

IMPROVISED KIT OF BURGLAR TOOLS FAILS TO WORK

Using Sledges, Chisels, and Other Things Gathered on Scene Crooks Find Passmore Safe Unbreakable; Finger-print Clue.

Improvising a kit of tools at the scene of their labor, burglars made an ineffective attempt to force the safe in the office of Passmore & Son, wagon-builders and blacksmiths, on South Second street, last night or early this morning. The thieves rummaged all through the place in search of money, but so far as their ten cents in cash and twenty cents' worth of postage stamps for their pains. They were evidently in quest of cash only, because the left such things as a pair of silver-mounted watches which lay within their reach.

Entrance was gained by forcing a rear window into the main building. From the inside the burglars forced open the door at the back and then broke into the blacksmith shop, which is situated behind the store.

From tools in the blacksmith shop and the store they gathered an outfit with which to attack the safe. They worked on the safe with a sledge, drift, pincers, chisel and a wrench, but it resisted all their efforts. They smashed the combination, but that was as far as they could go with their safe-cracking job.

From the appearance of things in the place this morning, it was evident that after giving up the safebreaking as a bad job they set out to ransack the establishment in the search for money. They broke open the cash drawer, only to find it empty of everything of value except ten two-cent stamps. They pocketed the stamps and continued their search. They didn't overlook a single drawer or pigeonhole in the office. In one pigeonhole Mr. Passmore had placed a dollar watch to be sent back to the factory for exchange. In the box with the watch was a dime. The burglars took the dime. They left the watch.

On top of the safe this morning was found a long butcher knife taken from stock, and two other big knives from stock were lying nearby. It looked as if the thieves had laid them where they could have been handy in case of interruption. "I am afraid a policeman who came upon these things while at work would have received a warm reception," said Mr. Passmore today.

The thieves forced open a case containing bits, spurs and like stock, and evidently looked the things over, for as far as Mr. Passmore could tell without checking up, with his store book, nothing was taken.

The burglars left two clues. There were three bloody fingerprints on the handle of a knife, and in the show window was found a piece of paper on which had been written in ink: "Twelve Kid and Kansas City Kid black not white."

Three letters that looked like "frit" follow the word "white." There was no other evidence of hasty flight, and it is believed that the writer of the note merely changed his mind about lengthening the message.

The police were notified of the case, and Chief McMillin is on the trail of a suspect.

CARRIER PIGEON BRINGS MESSAGE OF DISASTER

(By Leased Wire to Evening Herald.) Portland, Ore., June 12.—A carrier pigeon arrived here at 1 p. m., with this message from the balloon, Million Population Club:

"Balloon struck by lightning. Berry hurt. Come quick. (Signed) "MORRISON."

The message did not say where the balloon had descended to earth. The Berry referred to is Captain John Berry of St. Louis, who was piloting the balloon. George V. Morrison, his passenger, signed the message.

Officials here are absolutely at sea as to where to look for the wrecked balloon and its injured pilot.

It is presumed the balloon came down somewhere in the Grand Cañon mountains, probably many miles from a habitation.

FOUR THOUSAND DOLLARS PAID FOR CREAM

Albuquerque Creamery Sets New Record for Cash Paid to Farmers; One Man Gets Check for \$566.12 for Week's Shipment.

Here is the record of the Albuquerque creamery, makers of Sunshine butter, for last week, in the way of product manufactured and cash paid to New Mexico farmers in the Albuquerque district:

- Total cash paid for cream, Monday to Saturday—\$4000.
- Highest single payment for week's shipment, to K. Street of Elida—\$566.12.
- Butter manufactured—22,000 pounds.

As a business institution and a distributor of real money where it will get into speedy circulation, the Albuquerque creamery is proving a valuable institution for Albuquerque and for producers of the Albuquerque district.

The company's total cream checks for the week ended June 8th amounted to \$2,537.74. In addition to this the company has an arrangement with a number of cream shippers who draw on the company for the value of each shipment at the time it is made. The amount of these drafts paid last week brings the total cash distribution for cream up to a little more than \$4,000.

Of the week's shippers, K. Street of Elida led with a check for his week's butter deliveries of \$566.12. This is the largest single check ever paid to a New Mexico cream shipper.

The creamery last week manufactured a total of 22,000 pounds of butter.

TURK AND GREEK PREPARE TO RETURN TO WAR

Greek Premier in Formal Address Today Makes Practically What is Declaration of Hostilities.

TURKS OPEN ATTACK ON TOWN OF AIVILIK

London not Surprised at Second Outbreak of Struggle Which has Been Drawing Closer for Many Weeks.

(By Leased Wire to Evening Herald.) Athens, Greece, June 12.—A warning to Turkey, which fell little short of a formal declaration of hostilities, was uttered today by Premier Venizelos of Greece in the chamber of deputies. He was speaking on the treatment of Greek subjects in Turkey.

The premier's attitude showed that the tension between Greece and Turkey was nearing the breaking point and that the danger of war was imminent. M. Venizelos obviously found it difficult to restrain his language when he spoke of the way in which the Turks had treated his fellow countrymen.

"I do not wish to allow to escape me words which cannot be recalled, but I should fail in my duty if I did not inform the chamber of deputies that the situation has become grave," he said.

"If a stop is not put to these conditions the Hellenic government will be forced not to content itself with joining in the lamentations of the unhappy refugees."

Turks Begin Hostilities. London, June 12.—An official dispatch from Mitylene, an island off the coast of Asia Minor, says that Turkish regulars, with machine guns and a force of Hashi-Bazooks, today commenced an attack on the town of Aivilik, on the coast of the mainland. As the town is inhabited by 25,000 Greeks a massacre is feared.

The threat of another Greco-Turkish war did not come as a surprise in diplomatic circles here today. It was pointed out that events in the near east during recent months had been kindling the strongest animosities between the two peoples.

Greece accuses Turkey of the wholesale expulsion with great cruelties of Greek Christians from the province of Thrace, while Turkey accuses Greece of suppressing former Turkish subjects in the region of Saloniki, which was taken by the Greeks in the recent Balkan war.

A conference between the Russian and Roumanian ministers has been planned to take place at Bucharest. Roumanian, next week to endeavor to prevent the breaking out of war. A general meeting of the Islamic society was held in London on Wednesday to protest against "the systematic extermination of the Moslem population of the Balkans, pursued by various Balkan states, especially Greece."

MUST PAY BILL HE GUARANTEED TO GROSS-KELLY CO.

A. Viviani Stood as Surety for Account; Mrs. Mattie Finley Is Granted Divorce; Tax Mistake Corrected.

Judge Reynolds in the district court today gave judgment to Gross, Kelly and company against A. Viviani for \$319, due as the balance of an account guaranteed by the defendant. Isaac Barth represented the plaintiffs.

Frank McKee, trustee, and Clark M. Carr, agent were given judgment against James Barhart, Maude Barhart and James R. Dugan for \$2,210 and costs, under a note. Defendants were given 90 days in which to meet a lien on property under a trust deed which the note is secured, after which time, if unpaid, the lien will be foreclosed. A. B. Stroup is named as special master to foreclose under the deed of trust. He represents the plaintiffs.

Mrs. Mattie Finley was granted divorce from William F. Finley. The court found that he had failed to provide for her ever since they were married on February 29, 1909, and that since last year they hadn't been living together.

Judge Reynolds ordered a correction of the tax books and a return of \$5.76 to Justitiano Tafaya, because when Justitiano paid his taxes last January they were credited to Justo Tafaya, and Justitiano has never had any credit for paying up.

Y.M.C.A. PROSPECTS HAVE PUT ON PROMISING AIR

Meeting at Commercial Club Tonight to Disclose Plans That May Insure Establishment of Association.

A meeting of the committee on organization and all those interested in the establishment of a Y. M. C. A. in this city will be held at the Commercial club this evening at 8 o'clock. Developments have arisen within the last two weeks it is said, which make it likely that the hopes of those interested in starting an association here are to be realized.

D. J. Herron, of Trinidad, Colorado, general southwestern agent for the Equitable Life Insurance company, is in Albuquerque for a few days on company business. Mr. Herron, who several years ago was local agent here for Armour and company, likes Albuquerque as a place of residence, and finding it more centrally located in his district, may determine to move his own offices to this city later in the year, although he has not yet determined finally on the move. When W. B. Patterson severed his connection with the Equitable to become state agent for the Missouri State Life, New Mexico was added to Mr. Herron's territory which includes all of southern Colorado. He will maintain a local office here in any event and will be a frequent visitor.

Fully Prepared.
"Now," said the professor in the medical college, "if a person in good health, but who imagined himself sick, should send for you, what would you do?"

"I," said a student, "would give him something to make him sick, and then administer an antidote."

"Don't waste any more time here, young man," said the teacher, "but begin practice at once."
